

Following several instances of vandalism to the toilets, costing the ratepayer significantly, Ventnor Town Council agreed on 20 February 2024 to install CCTV (Closed Circuit Television) cameras outside Ventnor Eastern Esplanade Toilets.

The decision to proceed required a public consultation, and we are inviting residents to participate by completing the simple form below.

The cameras would be used for the prevention and detection of crime and for protecting the safety of users in line with our published CCTV policy; cameras will not be used for any other purposes.

For those without printing facilities, forms can be collected from our office (address below) Monday to Thursday, 10am-3pm.

Please return completed forms by Friday 13th December 2024 to:

Ventnor Town Council, 1-2 Salisbury Gardens, Dudley Road, Ventnor, PO38 1EJ

Do you support the idea of having CCTV installed outside Ventnor Eastern Esplanade Public Toilets?

Yes No (please tick one box)
